

BOOK SIGNING SCHEDULE

Every year we make an honest effort to not only feature speakers writing the books you're reading, but to take it one step further and ask them to sign copies of the books onsite as well. To us, a book signing is fun and educational, and a great way to "put a face/human to a book", which makes reading that much more enjoyable.

The 2019 book signing lineup is impressive, and even features a first for us - a poster signing. We think you'll understand why we're hosting the session.
